

BUSINESS ADMINISTRATION 2.0, ASSOCIATE IN SCIENCE FOR TRANSFER (AS-T)

Overview

The Business Administration program gives students general business knowledge in managerial controls, economics of business, human resource management, labor relations, business risks, interaction of government and business law, production and distribution. The program provides students with a general understanding of the foundational areas of business specialization, including accounting, finance, economics, marketing, management, and entrepreneurship.

The AS-T in Business Administration 2.0 provides students with the foundational knowledge in Business to make a successful transition into a Baccalaureate Degree in Business at any of the CSU campuses. The Associate Degree for Transfer (AA-T or AS-T) is a special degree offered at California Community Colleges. Students who earn an AA-T or AS-T degree are guaranteed admission to a campus within the California State University (CSU) system in a similar major, although not necessarily to a specific campus. Students who complete an AA-T or AS-T are given priority consideration when applying to a particular program that is similar to the student's community college major and will be given a special GPA advantage when applying to CSU impacted campuses or majors. Students who are planning to pursue an AA-T or AS-T are strongly advised to meet with a counselor for additional information about this transfer program. Visit the I Can Go to College (<https://icangotocollege.com/?sitekey=adegree>) site for more information.

Students are also advised to consult ASSIST (www.assist.org) (<https://assist.org/>) and to meet with an academic counselor to discuss the best combination of courses to take for their AS-T to ensure they receive the admission benefits associated with it, and to meet the requirements of the transfer institution to which they are intending to transfer.
