

COMMUNICATION, ASSOCIATE OF ARTS (AA): COMMUNICATION SCIENCE EMPHASIS

Overview

Whatever their age, social position, or occupation, people communicate. Humans spend more time engaged in speaking and listening than virtually any other activity. Communication is as important as it is pervasive—success or failure often depends on how well we express ourselves and understand others.

The Communication Department's curriculum focuses on communication in a variety of settings – interpersonal, small group, on-the-job, speaker-to-audience, via mass media and between cultures and nations. In addition, instruction is available in argumentation and debate and communication theory. Surveys show that most employers rank effective communication at the top of desired skills.

The Communication Science Emphasis provides students with the foundational knowledge in communication theory and research methods and prepares them to make a successful transition to a Baccalaureate Degree in Communication Studies at any of the UC campuses, particularly UC, Santa Barbara.

Requirements

Associate Degree Graduation Requirements

Complete all of the following:

1. All Department Requirements listed below with a "C" or better or "P" in each course (at least 20% of the department requirements must be completed through SBCC).
