

ELEMENTARY TEACHER EDUCATION: INTEGRATED PROGRAMS, ASSOCIATE IN ARTS FOR TRANSFER (AA-T)

Overview

Liberal Studies at Santa Barbara City College is an interdisciplinary program that provides students with a foundation of knowledge in the areas of English composition, critical thinking, oral communication, physical and life sciences, arts and humanities, and social sciences. Through this program, students acquire a breadth of knowledge across multiple disciplines, explore how knowledge across disciplines can be connected, analyze and evaluate ideas using the tools of critical thinking, and demonstrate effective communication skills in reading, writing, listening and speaking.

The Associate in Arts for Transfer degree in Elementary Teacher Education: Integrated Programs prepares students to transfer into a Liberal Studies or a similar elementary teacher preparation major. The degree is designed to meet introductory content area subject matter requirements for a multiple subject teaching credential which is required for teaching at the elementary school level. Students who complete the degree will also gain practical experience through classroom observations and interaction with elementary students and faculty.

The Associate in Arts for Transfer degree in Elementary Teacher Education: Integrated Programs provides students with the foundational knowledge necessary to make a successful transition into a Baccalaureate Degree at any of the CSU campuses. The Associate Degree for Transfer (AA-T or AS-T) is a special degree offered at California Community Colleges. Students who earn an AA-T or AS-T degree are guaranteed admission to a campus within the California State University (CSU) system in a similar major, although not necessarily to a specific campus. Students who complete an AA-T or AS-T are given priority consideration when applying to a particular program that is similar to the student's community college major, and will be given a special GPA advantage when applying to CSU impacted campuses or majors.

Students should consult with an academic counselor when choosing electives in order to develop a program of study that is best suited to their specific needs. For example, requirements for the baccalaureate degree in Liberal Studies vary from one institution to another. It is, therefore, essential to become familiar with the requirements of the institution that a student plans to attend.

Important Note: This AA-T in Elementary Teacher Education: Integrated Programs replaces the old AA-T in Elementary Teacher Education which was deactivated effective Fall 2025. New students beginning at SBCC in Fall 2025 or after need to complete the AA-T in Elementary Teacher Education: Integrated Programs requirements. Students with catalog rights prior to Fall 2025 are advised to consult the CSU ADT Major & Campus Search (<https://www.calstate.edu/apply/transfer/Pages/associate-degree-for-transfer-major-and-campus-search.aspx>) database

to determine which bachelor's degree programs offered by the CSU campuses are deemed similar to each of the two AA-Ts. Students are also advised to consult ASSIST (www.assist.org) (<https://assist.org/>) and to meet with an academic counselor to discuss the best combination of courses to take for their AA-T to ensure they receive the admission benefits associated with it, and to meet the requirements of the transfer institution to which they are intending to transfer.

Learning Outcomes
