College Admission

Admission to Santa Barbara City College is governed by the laws of the State of California and such supplementary regulations as have been prescribed by the Santa Barbara Community College District Board of Trustees. Citizens of other countries and out-of-state (non-resident) students are required to pay international or non-resident tuition as well as enrollment fees.

Open Enrollment

It is the policy of the Board of Trustees of the Santa Barbara Community College District that, unless specifically exempted by statute or regulation, every course, course section, or class, reported for state aid, wherever offered and maintained by the district, shall be fully open to enrollment and participation by any person who has been admitted to Santa Barbara City College and who meets such prerequisites as may be established, pursuant to section 55003 of Division 6 of Title 5 of the *California Code of Regulations*.

Graduates of High Schools

Graduates of high schools, or equivalent, are eligible for admission and may undertake any program of study for which they are prepared.

Persons 18 years of Age or Older

Persons 18 years of age or older who have not received a high school diploma, or equivalent, may be admitted to the college if they can reasonably profit from instruction.

High School Students (9th Grade or Higher): Dual Enrollment Program

Students enrolled in a public or private secondary school who are eligible for ninth (9th) grade or higher may apply and concurrently register in up to 11 units of college-level courses at Santa Barbara City College through the Dual Enrollment Program.

Course prerequisites apply. Some courses are not available to concurrently enrolled high school students. The student must have a recommendation from his/her principal or high school counselor and a Parent Consent Form on file.

In accordance with Education Code Section 76001, special part-time K–12 students enrolled in the secondary schools and attending SBCC (enrolled up to and including 11 units) are exempt from paying the enrollment fee. Special full-time K–12 students (12 units and above per semester) may not be exempt from the enrollment fee and are subject to paying the enrollment fee for all the units; they may, however, be individually considered for the California College Promise Grant fee waivers, part A, B or C. Those students who are enrolled in 12 units and above per semester and who do not qualify for a California College Promise Grant fee waiver will be required to pay the enrollment fee for all units. Non-resident Dual Enrollment students are exempt from paying non-resident tuition for credit courses during any semester or term in which he/she is enrolled in 11 or fewer units while attending a California high school. This exemption does not apply to special K-12 students enrolled in 12 units and above per semester. This exemption does not apply to categories of students who would be precluded from qualifying for the AB 540 nonresident tuition exemption. High school students who

are concurrently registered in courses given ON the SBCC campus must pay the transportation and health fees.

Dual Enrollment students must complete an online admissions application (<http://www.sbccc.edu/apply/>) and additional approval forms. Dual Enrollment approval forms are available through students' high school counselors, SBCC's Admissions & Records and on the Apply and Enroll website (<http://www.sbccc.edu/apply/>). College and Career Access Pathways (CCAP)

In December of 2020, SBCC in partnership with the Carpinteria and Santa Barbara Unified School Districts, agreed to the terms of a College and Career Access Pathways Dual Enrollment partnership. The agreement expands dual enrollment opportunities for students to enroll into college courses taught on the high school campuses. The agreement is consistent with the provisions of AB 288, for high school students who may not already be college bound or who are underrepresented in higher education with the goal of developing seamless pathways from high school to community college for career technical education or preparation for transfer, improving high school graduation rates, and helping high school students to achieve college and career readiness. To view the full agreement visit www.sbccc.edu/dualenrollment (<http://www.sbccc.edu/dualenrollment/>)

Middle College

Through Alta Vista Alternative High School's Middle College at SBCC, a limited number of local high school students who want to earn a high school diploma in the SBCC environment may complete their high school graduation requirements through an Independent Study program while also taking classes at SBCC. The curriculum is rigorous and relevant and complemented by individualized support. Middle College is designed to equip students for a smooth transition to college by helping students develop critical thinking, time-management and self-advocacy skills. Acceptance into the program is determined by the on-campus instructors through an application process. Contact Regina Freking at rfreking@sbccc.edu, or (805) 897-3561.

After a student has been physically present in California for one year and has manifested clear intent to become a California resident, the student may apply for reclassification as a California resident. State law requires consideration of financial independence for students seeking reclassification. It is the student's responsibility to substantiate his or her claim for residency.
