

# BLOGGING FOR BUSINESS, CERTIFICATE OF COMPLETION

---

## Requirements

The key to great blogging is to share valuable insight and information with the world. If a blog does this well, it can become a trusted source of information for the company's customers. These courses take students through the planning process of creating a blog as part of a business marketing strategy, from defining the blog's goals and target audience, to creating high quality content, through the publication of the blog and use of success measurement tools. The courses also show how to find a content niche, and how to make technology decisions. Throughout the courses you are presented with key decisions and best practices to build a blog and its presence online.
