

# DIGITAL PRINTING: NEWSLETTER AND MAGAZINES, CERTIFICATE OF COMPLETION

---

## Requirements

The Digital Printing: Newsletters and Magazines certificate is designed to introduce or update skills needed to produce newsletters and magazines for digital print and electronic formats. Students will be guided through the basic step-by-step processes of formatting exciting electronic publications using Adobe InDesign while working on a prototype project of their own.

Code	Title	Units
GDPW NC041	Producing a Digital Newsletter	0
GDPW NC042	Producing a Digital Magazine	0

## Learning Outcomes

1. Use Adobe InDesign to place text and images for publication masters.
2. Format basic digital publications (a newsletter and magazine) including preflight/prepress composites for uploading publications to different platforms.
